

FIELD TRIPS

The teachers of the Fall Mountain Regional School District are encouraged to take their students on field trips when funds are available. Field trips are intended to allow students' experiences that provide them with insight, information, and/or knowledge that cannot be adequately developed through regular classroom instruction. Field trips should support, be an extension of classroom experiences, and be a relevant part of the curriculum.

Events in which students participate during school hours or as representatives of the school at places outside of the school must be school sponsored and provide age appropriate supervision. Rules of behavior will be the same as for any in-school activity or event.

Non-school employee chaperones may be required to undergo a Criminal Background Check pursuant to applicable Board Policies.
