Re: COVID 19-Information Update

I would personally like to thank the Fall Mountain staff, families and students for their effort and flexibility through this transition to remote learning. While we recognize that there may be some challenges along the way, we are confident that our teachers will continue to provide a comprehensive remote education for our students. This has certainly been a learning experience for all involved.

School Closure

Per Governor Sununu's Emergency Order #1: All public K-12 school districts within the state of New Hampshire shall transition to temporary remote instruction and support for a three week period beginning Monday, March 16th, 2020 and ending Friday, April 3rd, 2020.

We will continue to work closely with the Commissioner of Education to assess the situation and provide our staff and families with updates as they become available.

Effective today, all district buildings will be closed until further notice to all district staff and the public. During this time, all facilities will be cleaned thoroughly following CDC guidelines.

Parent Teacher Conferences

Our teachers and staff will be working closely with students and families over the next few weeks through the remote learning process. We believe this time will give families and staff an opportunity to connect and communicate on a regular basis.

We have decided to use the March 26-March 27 Parent Teacher Conference days as learning/teaching days. This will provide us with the continuity of remote learning as well as recouping time at the end of the school year.
